RETURNED WITH COMPLIMENTS --

It is found that the contract for the work of printing and supplying miscellaneous forms and registers was let out to the lowest tenderer after calling for competitive tenders As the contract was entered into prior to the receipt of G O No. A F 369-438/P & S 67-38-28 dated 17-7-41, under which the tenders and bills of private presses relating to the printing works of Government Departments are subject to the scrutiny of the Superintendent, Government Printing, all claims arising in connection with the work carried out under the above contract will have to be disposed of under the terms of the contract It is not known whether the enhancement of the tendered amount under certain circumstances is contemplated under the terms of the contract In this connection it would be relevant to take into account, that the schedule of rates for Government Printing works has been revised with effect from 1-1-42 on account of the rise in the cost of printing materials, the enhancement of the rates ranging from 10% to 20% Likewise, the cost of paper has also gone up during this period and the schedule of rate relating to the same is not being applied but the maximum rates for different varities of paper fixed by Government is being allowed, in the case of the work of other Departments got done at private presses It is no doubt that the working

conditions have become bad to a certain extent subsequent to the date of the submission of the tender by the Press. This factor may have to be taken into account in considering its claim for enhancement of the tendered amount - Therefore, the enhancement of the tendered amount by 12½% to which the Municipal Council is agreeable, may perhaps be sanctioned under the circumstances explained above

Letter No Nil dated 21st November 1941 from the Manager, Viswananda Power Press, Bangalore City to the Municipal Commissioner, Bangalore City Municipality, Bangalore City

---

It is now about four years that we have been your contractors for executing the printing works for the Municipality and we hope that we have never given room for any complaints

On account of war, the cost of paper has gone up in leaps and bounds, so much so, the prices of certain papers are prohibitive They are in some cases five to six times higher than those prevailing in prewar days Particularly since July last the prices have shot up so suddenly and to such a high level that we han hardly keep pace with it

You will kindly see that our quotation for the printing works of the Municipality was based on prewar rates for the several papers You will kindly agree that the prices of papers have risen ~~abnormally~~ anormously making it difficult for us to stick to our last tender rates We are therefore appealing to your self to be pleased to appreciate our difficulties and to enhance the tender rates by 25% which will just enable us to meet the prohibitive rise in the cost of paper

This generosity will go a long way in mitigating the loss which we have been sustaining till no As an instance in point, Card-board which were available @ Rs 6/- per Cwt during prewar ~~xxx~~ days are sold now @ Rs 30/- per Cwt and it is so in the case of all other papers We may add that we have absolutely no margin for profit for ourselves, but will just enable us to meet the excess cost of paper The enhancement of rates by 25 per cent may be kindly given effect to only from the current month i e , from November 1941

Thanking you
